Questions & Answers

1. **Question:** We would like clarification that Detailed Past Projects and References could be provided with client contact names in lieu of examples. The issue being that these past project deliverables are the property of the client and in most cases confidential. The RDN could then contact Proponent Past Clients to discuss scope and deliverables. Please confirm.

Answer: *The example deliverables requested in Section F are not required to be part of a completed project, and can be “templates” or “samples”. The respondent’s also have the option to redact client information as required to maintain confidentiality.*

The RDN will not be contacting respondents’ clients to collect documentation for consideration in this RFSQ.
