

STAGE 4 WATERING RESTRICTIONS IN EFFECT

The RDN wishes to notify you that while Stage 2 Watering Restrictions are in place in other RDN Water Service Areas, the Decourcey Water Service Area will remain in Stage 4 Watering Restrictions until further notice.

Aquifer levels in the Decourcey/Pylades Road area are low and are being monitored continuously. Please make efforts to reduce domestic water use wherever possible in order to help the aquifer return to adequate levels.

Your ongoing efforts to adhere to Stage 4 Watering Restrictions are greatly appreciated. If the aquifer level shows improvement, the watering restrictions may be amended.

For helpful tips about xeriscaping and rainwater collection, please visit <https://rdn.bc.ca/outdoor>.

Thank you.
